Shameful Treatment That Was Meted

Arouses the Indignation

Brute Picks Up a Meat Knife and
Gashes the Throat of Miss Brooks
and Also Comes Near to
Severing Two Fingers.

St. Petersburg, Aug. 15.—Intense popular indignation has been created here by the brutal treatment of Mlle. Smirnoff, a refined young lady, at the hands of crack chevalier guards. While a squadron of these guardsmen were passing along Neysky Mlle. Smirnoff, who was accompanied by another young lady, remarked: "They are as gay as if they had captured Port Arthur." Pedestrians hearing the remark repeated it and quite a crowd collected and joined in the jeering. The commander of the cavalrymen suddenly wheeled his squadron and gave command to charge with drawn whips. The troops then charged the crowd, laying about them right and left. Mlle. Smirnoff and her companion, who in the meantime had passed on down a side street, were pursued. They tried to escape to a doorway, but were caught. They were forced to enter a cab and were driven to the guards' barracks, where the young ladies were taken before Colonel Stenbackforner.

The latter was disposed to turn Mlle. Smirnoff over to the police, but other officers interfered and the girl was finally taken to the courtyard, where troops in the presence of two officers administered to her twenty-seven lashes with their whips. The girl's clothing was cut as if by knives or by wire by thongs of the whips, and her flesh was horribly lacerated. Papers are demanding a trial of both of the officers and all who participated in the affair. Reports of both police and private surgeons are printed describing in detail the extent of the wounds inflicted. The girl's back is so swollen that it is impossible as yet to ascertain whether any of her ribs were broken. No action on the part of the military authorities has yet been announced.

The Twentieth Century, which printed another story of the case, has been confiscated.

PART OF OREGON SOLD.

One-Hundredth Portion of the Commonwealth Changes Hands.

Portland, Aug. 15.—Ownership of almost one-hundred part of the state of Oregon changed hands Tuesday. After negotiations the greater portion of the land included in the old Oregon Central military road grant was transferred from the California and Oregon Land company to a syndicate composed of eastern and Californian capitalists. Approximately 500,000 acres are included in the sale, and the consideration involved is about \$750,000.

The tract sold is a strip of land running from Cascade forest reserve to the Idaho line, approximately 235 miles. It has a width of thirteen miles. The only portion that is excluded from the sale is a strip about twenty-five miles long running through the Klamath Indian reservation. The purchase of the tract is declared to be the initiative step of an extensive colonization project.

G. A. R. PARADE.

Line of March Over Streets of Minneapolis Two Miles Long.

Minneapolis, Minn., Aug. 15.—For the fortieth time since its work was finished the Grand Army of the Republic was in line Wednesday. There have been many parades more gorgeous, many spectacles more dazzling and bewildering, but never one more appealing and impressive than this one. The old soldiers, who filled the ranks, were made to realize that for a time at least materialism was gone and days of war would come again. At times their ears were greeted by cheers that drowned the roar and crash of their many bands. The parade was two miles long.

Greenwood, S. C., Aug. 15.—An attempt at criminal assault was made Sunday upon Miss Jennie Brooks, daughter of J. B. Brooks, a prosperous merchant and farmer near this place, by a negro named Bob Davis. Brooks had left the young lady in charge of the store. The negro, after making some purchases, grabbed up a meat knife and threatened her. Seizing an iron bar, the young woman made an attempt to defend herself, whereupon the negro slashed her across the throat, and almost severed two of her fingers besides. A posse of 1,000 men started in pursuit of the negro. Davis' brother was lynched twelve years ago for assaulting a white woman.

PERMANENT ORGANIZATION.

Governor Lanham and Senator Culbertson Addressed the Convention.

Dallas, Aug. 15.—The second day's session of the state Democratic convention was called to order at 10 o'clock by Temporary Chairman Cockrell. The report of the committee on permanent organization and order of business was called for and read. A motion, duly seconded, was made that it be adopted. An amendment was offered that the order of business be changed so that the indorsement of a candidate for United States senator precede that of state officers; also if the platform and resolutions committee is not ready to report when due that the nomination of the ticket be proceeded with.

The action of the committee on permanent officers was agreed to and the same took charge.

Permanent Chairman Templeton was introduced by Temporary Chairman Cockrell, the latter turning over to the Hopkins county gentleman the gavel. Chairman Templeton made a brief speech.

During his remarks Chairman Templeton stated that in his opinion this would be the last convention of its kind in Texas; that the nomination of state officers in future would be by direct primary vote.

Governor Lanham, in response to calls, addressed the assemblage. The executive stated he had always attended state Democratic conventions and that it was his purpose to continue to do so as long as his strength permitted. He defended his administration, asserting the small treasury balance had resulted from warrants drawn for necessary appropriations for state institutions.

As Governor Lanham was concluding Senator Culbertson entered the building. His appearance was the signal for a mighty demonstration, and a speech was called for. In his remarks the senator spoke of what Democracy had accomplished. He insisted that the law must be enforced and that the liquor traffic should be dealt with in such manner as to minimize the evils of intemperance. This utterance was cheered for some time, while hats and handkerchiefs were waved by hundreds.

The credentials committee submitted two reports. The majority favored proxies, while the minority opposed this action.

The majority report, which was adopted, allowed proxies in those counties where primaries were held, but regular dates were not present.

The minority report opposed the seating of proxies from certain counties where credentials were not issued by proper authorities.

The majority report was also an appeal for proxies from certain Panhandle counties to be seated so that remote portions of the state might be represented.

LONDON GHOST SHOW.

It Has Mystified Millions—See It at the State Fair.

The London Ghost Show will be a first-class attraction at the State Fair in October next. This entertainment has created a furore of excitement in all the European capitals. Millions have seen it and gone away with impressions that will last them as long as they live. It mystifies everybody and sets the whole town talking. The devil and innumerable of his imps appear and disappear, no one knows how, whether nor whence. Mortals and immortals materialize on the stage and all over the house, walk on the ceiling, up and down perpendicular walls, and even move through the air, or stop suspended in space, without visible means of support, just as if the law of gravitation had been repealed. They appear and vanish right in the full glare of arc lights. This performance must be seen to be appreciated. This is so generally understood that those who visit it, instead of attempting to describe it to their friends, tell them to go and see for themselves. The London Ghost Show plays to crowded houses when other shows are complaining of dull business.

Mr. Bottom farmer bring in some of that cotton you have been talking about; Mr. Prairie farmer you may bring in some corn that missed the drouth, and our sandy-land friends will bring us the sweet potatoes and goobers and we will show the visitors at San Antonio this fall where we live.

MRS. M. J. TABOR DEAD.

Wife of Late Maj. J. W. Tabor Passed Away—More Than 79 Years Old.

Mrs. M. J. Tabor, wife of the late Maj. J. W. Tabor died at her residence in this city last night at 9:45 o'clock, after an illness of several weeks. She was not thought to be seriously ill until a few days ago, but during this time her children gathered around her and were all present when the end came.

Mrs. Tabor moved to Bryan with her husband January 18, 1867, and for more than thirty nine years lived at the same place, the old Tabor homestead in the northern part of town, together with her husband until he died Jan. 24, 1901.

This death has taken the last and only surviving charter member of the First Baptist Church of Bryan, which was organized many years ago, and when the news of the death of this pure christian woman is known this morning the people of Bryan will mourn her loss.

Mrs. Tabor leaves five children: Messrs. R. G. Tabor, O. L. Tabor, John Q. Tabor of Houston, Dr. Geo. R. Tabor of Austin and Miss Mattie Tabor of this city.

The funeral will take place at the residence this afternoon at five o'clock and the remains will be interred by the side of her husband at the city cemetery.

YOUNG MEN SHOULD NOT FAIL.

Stephen A. Knight, the aged cotton goods manufacturer, says:

"I have many times been asked if, in my opinion, the young man of today had as good a chance to make his mark in the business world as did his elders? My answer is: Never since our Pilgrim Fathers landed on the shores of Plymouth were the opportunities for the young man's success greater than they are today. It is for him to determine whether he will be a success or not. The gates and the avenues are open to him."

The truth of these statements is borne out by the history of every community.

Young men are every where proving victors in life's struggle.

Only those are failing who would have failed in any time and under any circumstances.

Conditions of all kinds now are more favorable than in former times.

The fault is with him who fails, not with the times.—Fort Worth Star.

MOORE-McMILLAN.

Mr. B. F. Moore and Mrs. Della McMillan of Edge were married at that place last Saturday afternoon, Justice Marvin Hunt of Macy pronouncing the ceremony.

Their friends knew nothing of their intentions and were surprised to learn the facts after the happy affair had taken place.

The groom is a young and prosperous farmer and is well known and liked by the people of the community.

The bride is the daughter of Mr. and Mrs. W. H. McMichael of Edge, and one whom any man should feel proud to win.

The Eagle extends congratulations.

The Eagle is indebted to Mr. W. D. Stallings for a sack of handsome Texas Cling peaches. This peach is grown and sold by Mr. Stallings and is superior for its flavor and preserving qualities. The name "Texas" was given this peach on account of its enormous size, and being a cling makes it an excellent peach to preserve. We desire to thank Mr. J. D. Murry for his trouble in getting them to us.

Eagles in Session.

Milwaukee, Aug. 15.—The eighth annual convention of the grand aerie of the Fraternal Order of Eagles opened here Tuesday with 1,500 delegates present. Mayor Becker extended the freedom of the city in a few appropriate remarks, taking occasion to "raise the lid" during the time the visitors are the city's guests. First session was devoted largely to the reading of reports.

Two Wounded.

Yekaterinoslav, Aug. 15.—A bomb exploded in the house of a workman here, where there was a revolutionary laboratory. Two men were wounded. Etnsburg (Va.) Cotton Mill company has increased wages of its 550 employees 10 per cent.

Wood has summoned a commission to

structions when they land at Manila.
The following officers make up the

hall, quartermaster's department; Cap-
tain Fred W. Cole, quartermaster de-
partment; Major Amos W. Kimball,

WONDERFUL WILLIAMS.

Bullets Go Through Heart and Head,
Yet He Is Alive.

Hattiesburg, Miss., Aug. 15.—With
one bullet straight through his heart
and another through his temple, enter-
ing at one side of head and coming out
at the other, Charles Williams, a ne-
gro, of this city, has survived for three
days and prospects are he will eventu-
ally recover. He was shot by another
negro in a crap game Sunday, the
wounds being inflicted by a thirty-
eight caliber revolver fired at short
range.

Williams fell over as though dead.
An undertaker was telephoned for, but
a surgeon beat the funeral man to the
scene, and when the dead wagon ar-
rived the wounded negro was able to
sit up and take notice. Since then he
has been eating heartily and physi-
cians venture the opinion that he will
recover in no unforeseen complications
arise.

RECEIVES SETBACK.

Chicago Capitalists Claim There Are
Too Many Restrictions.

Kansas City, Aug. 15.—Kansas City's
fight for cheap gas received a setback
Tuesday night when Chicago capital-
ists who were recently granted a
thirty-year franchise to sell the city
natural gas at 25 cents per 1,000 feet
for domestic use and 10 cents for man-
ufacturing purposes notified Mayor
Beardsley they could not accept the
proposition. The franchise, they said,
carried too many restrictions.

At Independence, Mo., near here, at
special election Tuesday the action of
the city council there granting a fran-
chise to furnish natural gas at 25
cents per 1,000 feet was ratified.

SCHEME OF COMPANY.

Double and Single Fare Cars to Be
Run by Traction Company.

New York, Aug. 15.—The Brooklyn

double fare will be placed in one car
and those who decline in another.
When the cars reach the single fare
limit the coach containing those refus-
ing to pay will be cut off. General
Manager Calderwood said his com-
pany is preparing to test Judge Gay-
nor's decision, that only one fare will
be exacted from passengers to Coney
Island.

HEADED BY AVERILL.

Committee to Select Ticket For Re-
publicans Names Choice.

El Paso, Aug. 15.—Hon. W. H. At-
well of Dallas was elected temporary
chairman of the Republican conven-
tion. In taking the chair Mr. Atwell
termed the Houston convention a
"Democratic aid society." He praised
President Roosevelt.

W. E. Baker of Grayson county was
elected temporary secretary.

Chairman Lyon expressed gratifica-
tion at the attendance. He also called
attention to his offer to pay expense
to investigate state affairs at Austin,
which, he said, were crooked, and was
laughed at, but now all the morning
dailies sustain him, and if one-half
was true of the charges made by the
Democratic candidate for governor,
no honest Democrat could support any
one of them. (Applause.) He urged
education and cleanliness. He said
that so far as he knew, with one ex-
ception, the white participants in the
Houston convention were disappointed
office seekers.

Committee to select state ticket
chose the following: Governor, Wil-
lard C. Averill of Jefferson county;
lieutenant governor, Frederick Hof-
heintz of Comal; Attorney General,
Charles W. Ogden of Bexar; treasurer,
Mendel Boote of Williamson; superin-

Houston, Aug. 15.—E. H. R. Green of
Terrell for governor and J. C. Gibbons
of Paris for lieutenant governor was
the ticket placed in the field by the
meeting of "reorganized" Republicans
of Texas. There was great enthusiasm

and shook hands.
